

**Our focus is where
it should be...**

**On you. On your family.
On your future.**

The Garden State Trust Company Difference

Independence & Stability

The Garden State Trust Company is privately owned. Our independence allows us to take a long-term investment and wealth management view. An approach that creates organizational focus and stability in service of our clients and their families across generations.

Accessible Expertise

Our independence attracts and helps us to retain a professional group who, on average, have more than 20 years of industry experience. Garden State Trust Company has three locations in New Jersey - Toms River, Cherry Hill and Lebanon in Hunterdon County, NJ.

Singular Focus & Objective Advice

Garden State Trust Company focuses primarily on Trust and Estate Settlement Administration and the full range of Investment and Wealth Management services. As one of our clients, be assured that you will benefit from our objectivity and advice – always given with your best interests in mind.

Personalized Approach

A very low client-to-advisor ratio allows us to provide a superior level of customer service. Our trustee and investment management services are individually created and tailored to your specific needs.

Premier Ancillary Services

Garden State Trust Company can partner with exceptional third party professionals to offer services such as home health care, insurance products, household repairs/modifications and income tax preparation.
